

## THE AREA'S MOST VITAL SIGN.

Melrose-Wakefield Hospital. When it comes to caring for the community with expertise and advancements, we've never been stronger.

Our strength starts with distinguished physicians who collaborate around the patient. They're trained at some of the finest medical institutions in the country. They are supported by Hallmark Health's investment in electronic medical records which speeds access to crucial patient medical data. And, they work with the latest in medical imaging diagnostics, and partner with highly skilled and trained nurses.

We're connected to the vital services the community needs, too. That includes the region's only Cardiac and Endovascular Center, a Bone & Joint Program that's rated in the top 1% nationwide, The Center for Wound Healing and Hyperbaric Medicine and an Emergency Department that is recognized for faster patient access, exceptional quality and high patient satisfaction.

At Melrose-Wakefield Hospital, our pulse is strong, and our ability to keep the community healthy? Even stronger. To learn more visit [hallmarkhealth.org](http://hallmarkhealth.org).
